

## **Demonstrations of Sledge Hockey**

Interactive demonstrations of sledge hockey equipment (sledges & sticks) may be arranged through Woolwich Sledge Hockey for interested organizations. There is a cost involved for ice time and equipment rental.

*The goal of this program is to provide disability awareness through the interactive demonstration of sledge hockey equipment.*

Equipment to have the event must be acquired through your group. Woolwich Sledge Hockey can provide contacts and assist you.

Entertaining scrimmage game events can also be arranged for a unique experience for your club or organization.
